

Dear Valued Customers,

We know that COVID-19 is top of mind for Canadians across the country. EM Plastic & Electrical wants to assure our customers the situation is the absolute top priority for us and our team. Right now, we are focused on how we can continue to serve our community in this time of need, while also being part of the solution.

EM would like to thank everyone, especially front-line healthcare workers, who are working tirelessly on this effort.

These are uncertain times and EM Plastic along with our parent company North American Plastics are continuing to monitor this extraordinary situation very closely. We are making decisions to support the safety and well-being of our team members and customers, while still delivering the products our customers need during these challenging times.

We must do what we can to stop the spread.

EM Plastic is here to help you with materials that will assist in shielding the virus from the hard-working essential business and healthcare professionals during this pandemic.
